NEW IN PAPERBACK

Language and Decadence in the Victorian Fin de Siècle

Linda Dowling

"Language and Decadence is going to change the way we look at the final decades of English Victorianism, and for that matter at the whole of Victorian literature." —*Robert Keefe, Kritikon Litterarum*

"Linda Dowling has taken an unusual but stimulating approach to the whole subject of Decadence in English literature. She succeeds in divorcing Decadence from its sensational connotations, and identifies the term instead with a coherent attitude toward language."
—John R. Reed, Nineteenth-Century Literature
